Information and Privacy Coordinator  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Coordinator:

Under the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting Electronic copies of 282 Studies in Intelligence (SII) articles listed in the accompanying pages.

I believe these 282 articles have never been released. In the past three years the Agency made PDF copies of all SII articles ever written. These are excellent quality copies and in electric PDF form can be searched. I request the Agency use these newly scanned documents for review and release.

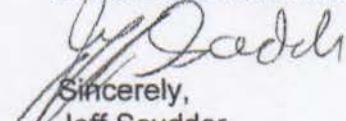

The accompanying pages list 282 articles; their name, year, volume, and issue.

The newly scanned versions of these documents are stored in HR/Center for the Study of Intelligence and in IMS/Historic Collection Division servers. As I am familiar with these documents I am more than willing to help in locating requested documents.

If there are any fees for searching for, reviewing, or copying the records, please notify me before processing if the amount exceeds \$200.00. Per 32 CFR Parts 1900, 1901, 1907, 1908, and 1909 the cost for a CD is \$20. One DVD's should be enough to store all 282 documents and I assume the cost for a CD or DVD is the same.

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law.

If you have any questions about handling this request, you may telephone me at (571) 276-9468 or at my work [redacted] e-mail at [JeffScudder@aol.com](mailto:JeffScudder@aol.com) or via Lotus Notes at Jeff Scudder

  
Sincerely,  
Jeff Scudder
